

Control Panel Overlays are durable, thick decals that go on equipment control panels. Often produced with a variety of cutouts and windows to allow control panel buttons and lights to still be used.

FEATURES AND BENEFITS

- 7 to 10 mil stocks and adhesives
- Custom shapes and cutouts - no die or tooling charges
- Low minimums - as few as 1
- Transparent windows, adhesive free areas, consecutive numbering, and variable data options
- UL approved material available

PERFECT FOR

- Used for any equipment where the control buttons need to be cleaned, such as:
 - Hospital beds and equipment
 - Electronic equipment
 - Control Panels
 - Remote controls and gaming devices
 - Industrial equipment

We offer a variety of materials to suit your custom control panel overlay needs. UL, RoHS compliant, and subsurface printed materials to accommodate many different industries and environments.
